Proposed Urban Hub Construction Project in Kyotango City

A base for social gatherings, exchange, and events at the entrance of the city.

For the development of a richer and more diverse community in Kyotango, the City has proceeded with discussions of a new public hub located in a central area of Kyotango with plans to open the facility in tandem with the completion of the Omiya-Mineyama IC (provisional name). This new hub can be utilized from all areas within Kyotango City. We aim for this hub to become a space where everyone, beginning with young families with children, can interact with each other in the composite spaces delineated below.

Proposed functions for the urban hub

The urban hub will be a combined facility with spaces for various functions, such as a library, childcare spaces, and spaces to support cultural/artistic activities.

1. Library (Central Library, Learning Center)
   General Book Space, Children's books/Picture Book space, Teens' space, Reading/study space, Regional archive room, etc.
2. Childcare Support (For seamless, comprehensive support for childcare)
   Indoor play space (includes daycare service), Child health space (infant health checks), consultation room, Children's Department Office, etc.
3. Cultural/Artistic Support Function (Places to support the creative activities of our citizens)
   Multipurpose room (with moveable dividers, soundproofing, etc.), creative studio, music studio, etc.

Image of proposed spaces (Kainan nobinos / Kainan City, Wakayama Prefecture)

Proposed Location of the New Urban Hub

Within Shinmachi District, Mineyama-cho.

**Construction plans have not been finalized and will continue to be deliberated in City Council meetings. The article above has been abbreviated for relevance and clarity. For more details about this plan, please read the original Japanese issue (Nov. 2025, p.6-9).*

Eco-Drive Promotion Month

Let's drive the eco- and wallet-friendly way!

November is Eco-Drive Promotion Month and aims to reduce human impact on the environment. Eco-Drive are practices and mindsets that you can implement while driving to reduce fuel consumption and slow down global warming. Driving to conserve fuel is not only kind to your wallet, but also

considerate to your passengers as these measures will ensure safer driving.

By doing these ten things, you can conserve more than 10% of your fuel.

Ten Actions:

1. Accelerate gently.
2. Maintain ample following distance between you and the car in front of you at a steady speed.
3. Use your engine brake.
4. Turn your AC down to an appropriate setting.
5. Do not let your car idle unnecessarily.
6. Avoid traffic jams and head out early so you have plenty of time to get to your destination
7. Be diligent and check your tire pressure often.
8. Unload unnecessary items out of your car.
9. Do not park in places that may block the flow of traffic.
10. Understand your car's fuel efficiency.

Let's put them into action together!

Let's Not Waste Anything!

Tasty Tidbits of Knowledge

Broccoli Potage

Use up the whole vegetable with this recipe!

How should I eat it?

A treasure trove of nutrients

Broccoli is a great vegetable for maintaining bodily health, and is rich in beta-carotene and vitamins. Rather than boiling, we recommend preparing it in a sauté or gently heating it in the microwave to maximize its nutritional value.

A Tidbit of Trivia

When cooking with broccoli stems, most people cut off the thicker skin as it can be tough and fibrous. But cutting it off with a knife can be pretty tedious. Instead, if you make two incisions on either side along the stem, wrap it in some plastic wrap, and heat in the microwave for 1 to 2 minutes, the skin will just come right off! From there, you can cut it into easy-to-eat pieces and enjoy! No extra steps!

Ingredients (serves 2):

Broccoli… 1 head
Onion… 1/2 onion

Water…150 mL
Consomme soup granules…1 tsp
Milk…200 mL
Butter… 10 g
Salt/Sugar…To taste

Instructions:

1) Cut and prep the vegetables. (Broccoli: Separate the florets from the stem, and remove the outer skin from the stem before slicing thinly. / Onion: Slice thinly.)
2) In a pot, add the cut vegetables, water, and consommé soup granules and simmer until soft.
3) Remove from the heat and blend the contents in a mixer or blender until smooth. Add butter and milk, and adjust the taste with salt and sugar. Serve!
   This soup can be enjoyed either hot or cold.

◆ Drugs, Narcotics, and Marijuana Abuse Prevention Month

Drug Abuse Prevention Month will be implemented until November 30th.

Users are often lured into misusing illegal drugs or controlled substances due to pressure from the others around them or by curiosity. Some cases, victims are tempted with promises of weight loss, or talk about marijuana with code words like "vegetables (*yasai*)", "grass (*kusa*)", or broccoli emojis so that they're unknowingly lured in to use drugs. It is crucial to deepen our understanding of drug misuse and to have the awareness to say no to drugs.
