

Garbage Disposal

Sort	Example	Note
Burnables	Burnables Kitchen garbage, fresh flowers, tree branches, used cooking oil from frying pan (use the solidifier), old clothes, paper (excluding recyclable paper waste), soft toys, paper diaper, shells, items made of rubber/leather, shoes, ice packs, desiccating agent, aluminum baking foil, tubes such as tooth paste	 *Use a designated garbage bag. *Remove water from garbage.
	Burnable bulk wastes (Bring them to Clean Center) Drawers, carpet, tatami, fusuma (papered sliding door), shoji, futon, blankets, wooden desks, legless chairs, sofa (remove springs)	 *Bulk wastes should be broken down. Bring them to the Clean Center. *Remove glasses or springs from fittings.
Recyclables	Cans (empty) Aluminum and steel cans used for beverages or food, spray cans *paint spray is excluded (puncture with a hole to remove gas), insecticide cans	 *Rinse the inside. *Use up a spray can and puncture with a hole to remove gas. *Keep away from fire when you puncture. *Don't put anything such as cigarettes in an empty can.
	Glass bottles (empty) Glass bottles used for food, beverages, seasoning, medicine, etc. (Separated by color: clear, brown, and black and other colors)	 *Rinse the inside. *Bottles used for cosmetics products and glass cups are classified as non-burnables. *Remove caps or lids.
	PET bottles PET bottles used for beverages, soy sauce, sake, etc. (Plastic bottles with the PET1 mark)	 *Rinse the inside. *Caps should be removed and classified as other plastics. *No need to remove labels. *Do not crush.
	Other plastics Trays, cups, tubes, bags, caps of PET bottles, spray cans, etc., a little polystyrene foam, plastic bottles except PET bottles	 *Rinse the inside. *Apply to containers or packaging of products, so other hard plastic products are classified as non-burnables. Ex: Buckets *If it's difficult to separate the items, you can put them in burnables.
	Polystyrene foam (Bring them to Clean Center) Polystyrene foam, boxes for shipping seafood	 *Rinse the inside. *Bring large amount of polystyrene foam to the Clean Center. *Non-cleanable items are classified as burnables.
Non-burnables	Non-burnables Ceramics, table wears made of glasses, glasses, glass bottles exclude used for beverages, video tapes, floppy disks, CDs, pots, kettles, pans, disposable heating pads, planters, small household electric appliances, umbrellas, electric kettles, hangers, plastic toys, hard plastic sundries	 *Items with a side length over 50cm are not collected by Kyotango city, so please bring them to the final disposal site. *Wrap razors or broken items with newspapers.
	Non-burnable bulk wastes (Bring them to Clean Center) Large household electric appliances (video cassette recorders, stereos, radio-cassette players, heaters, stoves, fans, vacuum cleaners, rice cookers, futon dryers, electric blankets and carpets, microwaves, etc.), bicycles, gas ranges, beds with frame made of metal piping, toasters, 18L drums, tin sheets, metal shelves	 *If you recently purchased a new appliance, request the store to pick up your old appliance for you. *Check the operating days.
Items not collected by Kyotango city	Toxic wastes Coin batteries, batteries, fluorescent lights, mercury thermometers, digital thermometers	 *Wrap fluorescent lights with paper or put them in the original cases to prevent breakage.
	Used paper Newspapers, flyers, magazines, books, cardboards, drink cartons (cut open flat) (We appreciate your cooperation on group collections by workshop, Ikueikai, etc.)	 *Sort used paper by types and bind them with cord. *If the drink carton is silver inside, it is classified as a burnable material.
	Items not collected by Kyotango city TVs, refrigerators, washers, air-conditioners, freezers, auto parts, tires (including hubcaps), over 50cc motorized bicycles, oil, batteries, gas cartridges, fire extinguishers, agricultural machines and implements (including parts), vinyl, pesticides, herbicides, medical wastes, pianos, organs, fire resistant safes, drums, hot water heaters (boilers)	 *Consult with the store or dealer. *Ask a vendor to dispose.

*Put the garbage in the appropriate trash can on the curb outside by 8 a.m. on the collection day.

*No collection from December 31 to January 3.

*We may not collect the garbage due to snow or disaster, but we appreciate your understanding.

*Used paper such as newspapers, magazines, cardboards, etc. should be collected by collection groups or bring them to "used paper stock sites." The entrance is located at Mineyama Clean Center.

You can bring these items anytime.

*Used oil can be collected by NPO Eco Net Tango. Thank you for your cooperation.

*Make sure you have all items ready on the appropriate collection days, and be sure to place the garbage can on the curb.
