

UKAWA Ward Traffic Safety Map

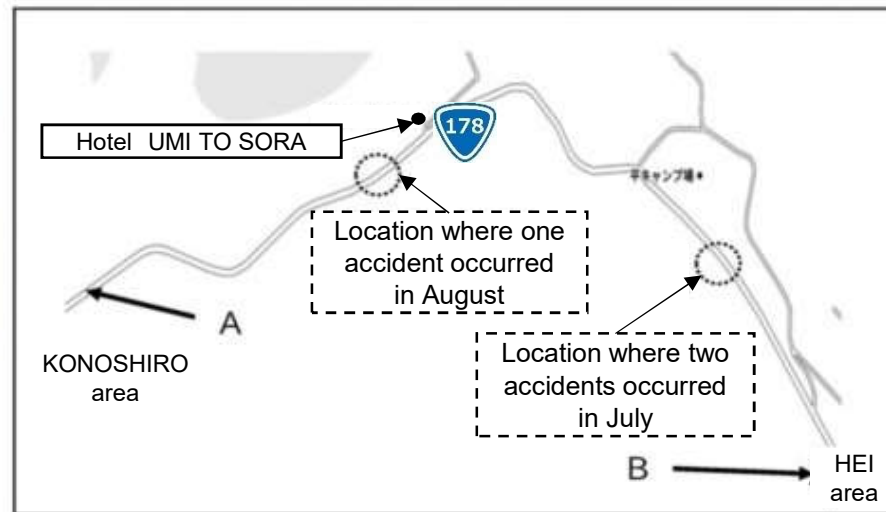

(Locations that require special attention while driving)

October 2020
KAMI-UKAWA Ward Mayor's Association

Collisions with animals are increasing on Route 178 in UKAWA Ward !
Please slow down and drive carefully.

A

B

Attention
(Deer could cross the road.)

During the period of July to August 2020, there were three deer – vehicle collisions in the section between B(HEI area) from A(KONOSHIRO area) on Route 178. These accidents occurred mainly at night and the vehicles got damaged.

As this section of the road is narrow and has many curves, visibility is poor. Therefore, please slow down and drive carefully when you drive through this section.
